

EOL – End of Life Notification

Topic:	EOL MTi-3-8A7G6-DK
Author:	Product Management
Date:	September 2018

1 Purpose

This is a notification to all customers that Xsens will officially implement an End of Life (EOL) for the previous development kit for MTi 1-series v1 (MTi-3-8A7G6-DK) as described in Section 2. The milestones and dates are mentioned in Section 3.

The End of Life Notification is an extension to the Product Change Notification issued on February 2018 (see <https://base.xsens.com/hc/en-us/articles/360003294953-Product-Change-Notifications-PCNs-and-End-of-Life-EoL-notices>). The MTi-3-8A7G6-DK was successfully replaced by the MTi-3-DK. The MTi-3-DK supports both the v1 and the v2 hardware of the MTi 1-series. With a newly designed board including Arduino headers and full access to I²C, SPI and UART interfaces as well as a micro-USB interface.

2 Affected Products

Current Part Number	New Part Number	Remarks
MTi-3-8A7G6-DK	MTi-3-DK	-
